

Q: Where did the Exchange Zone (a.k.a. Teen Track) go? What about Mom's/Dad's track?

A: CHEC promotes family integrated discipleship. We feel that promoting age/gender segregated tracks delivers an inconsistent message with the vision of family integrated discipleship. The Teen Track was renamed Exchange Zone in 2006 to encourage parents to partner/attend with their young adults to pass the baton of Christian life. However, Exchange Zone resulted in young adults attending in groups without their parents.

The conference committee decided to eliminate age/gender tracks in 2010 to further promote thoughtful selection of workshop attendance for all attendees. We hope you are blessed by this change.
